

## Moor to Sea's musical fortune teller / decision maker!

Use our Oblique Strategies fortune teller to suggest a course of action or thinking to assist your composing. In 1975, Peter Schmidt and Brian Eno created the original pack of Oblique Strategies cards, through thinking about approaches to their own work as artist and musician.

1. Cut around outline so you start off with a square piece of paper.
2. Fold the square in half, both ways.
3. Fold each corner to the middle.
4. Flip it over and do the same thing on the other side.
5. Fold in half and unfold...
6. You can now put your thumb and forefinger inside the square pockets to move the fortune teller.
